

Electric Manual Floor Sweeper PM780

Introduction

Small Spray Dust Suppression Electric Manual Floor Sweeper PM780 hand-push type electric sweeper is an upgrade product of the traditional hand-push type sweeper. The machine has the functions of spraying and dust removal, and taking into account the functions of block and dust, and the electric power driving device is also arranged on the front and the back of the sweeper. And the cleaning efficiency and the cleaning quality of the sweeping machine are greatly improved. PM780 manual sweeper can collect dust particles, plastic bottles, leaves, paper chips, pericarp, etc..

Technical Data

Sweep Width	780mm	Charger Parameters	Input Voltage	230V AC/50Hz	
Sweep Area	3800m ² /h		Output Voltage	12V	
Dust Collector Volume	50L		End of Charge Voltage	12.6V	
Gross Weight	22KG		Charging Current	4000mA	
Packing Dimension (L*W*H)	810*300*830m m	Pump Parameters	Input Voltage	12V	
Dimensions	1085*795*104 5mm		Power	30W	
Battery Operation Time	150min		Water Tank Volume	2.6L	
Battery Parameters	Battery Type		Lithium Battery	Spray Time	60min
	Voltage		12V	Spray Head Sizes	0.2mm/0.3mm
	Capacity	20AH			

Two different type

The first one is hand push electric sweeper, the second is hand push manual sweeper. They all with spray.

Features

HENAN PIVOT MACHINERY CO.,LTD

Email: eilin@pivotcleaningmachine.com; Web: www.pivotcleaningmachine.com

Add: No. 11 Changchun Road, Zhengzhou, China; Tel: +86-371-58651986, 18339818406

Electric drive for front and back brush
Improve cleaning efficiency and save time.

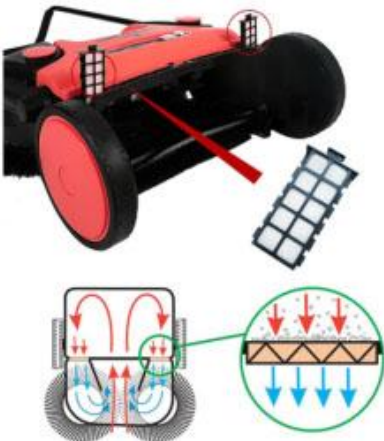

Automatic spray dust suppression
Eliminate dust, meet higher cleaning need.

Side brush down pressure device
Effectively clean dead angle.

Multiple line protection
Ensure safe operation in different environments.

Exhaust filter device: Set up dustproof cotton to prevent dust overflow.

Adjustable front brush height
Meet different need of ground and garbage.

Fold storage to save space
