Electric Sweeper P-2000

Product Introduce

P-2000 new sweeper, with two operation modes of dry use and wet use, is suitable for switching operation modes under different road conditions and different weather conditions. It is mainly used to clean the leaves, dust and paper scraps of outdoor streets, especially for the use of the sanitation system

The Features

The new fully enclosed sweeper adopts a closed cab, which is suitable for use in cold and harsh environment

1. Special cab and aluminum alloy body structure reduce the body weight.
2. Both indoors and outdoors can be cleaned and can work for a long time.
3. With a side brush anti-collision device, it can protect the brush plate.
4. Double dust control dust control system, two 6 square filter cores, double suction, eliminate dust
5. Equipped with 4 nozzles, it can works with water tanks.
6. Super large capacity stainless steel water tank can spray water for a long time to reduce dust.
7. Led over capacity headlamp can be operated at night more safely.

Performance Parameters

S/N	Item No.	Unit	Specification
1	Sweeping width	MM	>2100
2	Productivity	m ² /h	>15000
3	Max climbing capacity	°	>30
4	Main brush's length	mm	800
5	Side brush's diameter	mm	500
6	Power supply	v	48
7	Continuous working time	h	6-8
8	Waste hopper capacity	L	200
9	Capacity of water tank	L	180
10	Driving power	w	1800
11	Rolling brush motor	w	700+500+100*4+50
12	Turning radius	/	Standing half turn
13	Max Driving speed	Km/h	9.9
14	Max working speed	Km/h	7
